STATEMENT OF FACTS

CAROLYN® SIOUX GREEN

On February 21, 1994 I blacked out for a moment and slipped on the stainless steel log office ladder, the steepest ladder onboard the USCG Cutter Mellon: My boot started at the top step of the ladder, then my hind end bounced and landed five consecutive times on steel ladder rungs on my right buttocks, direct hits to the same spot. Thankfully I was able to stop prior to my crotch being rammed into the mid-side rail and I ended up lying on the deck below. A couple of crewmembers checked on me after they heard the loud noise. Then I picked myself up and went to go lay down in my rack. I was seriously injured, internally bleeding from the bruise, and I went downhill from that point forward.

Let me note here by stating the fact that "treatment" was physical therapy for the buttocks/hip injury, the injections were lower neck and upper back treatments for the neck pain, and tests were performed as well as many drugs were given. Other than that, there was no treatment for the injury. I do not in any way consider the treatment was exhausted, since treatment barely started. In fact, physical therapy was the only "treatment" for the hip/buttocks injury to speak of, and a shot in the right glute. Try having someone massage torn and injured areas of your glute with nerve pain to only then increase the pain and discomfort, possibly creating more harm. But that was the "treatment plan".

My medical board was a joke. One sided too. The United States Coast Guard honorably and medically retired me Christmas week of 1995 with a combined percentage rate of 28% and rounded to 30% total. The rating listed everything as "possible" except for cervical pain and right hip pyriformis syndrome: Intervertebral disc syndrome: Moderate; reoccurring attacks at 20%, PTSD; Occupational and social impairment due to mild or transient symptoms at 10%, and Muscle Injuries; Group XVIII; pelvic girdle "slight" at ZERO percent. Yep, a big fat zero! I went into the Military a very fit woman and came out to where I could barely walk.

I was becoming internally mangled while gradually splitting apart at the seams at my right sacroiliitis joint, along with an injured neck that greatly affects my right shoulder, even today.

I was even reprimanded with two bad Page-7's, from medical. The first reprimand was after walking around 464 days (1 year 3 months and 10 days), due to the assigned primary care provider. I believed and knew them to be unqualified to manage my injury care. The second reprimand was for asking for medical help without an appointment. This reprimand was after walking around for 652 days (1 year 9 months and 14 days) after being catastrophically injured, without any meaningful care.

Can someone, explain to me how an active duty member can be physically injured, have medical reports—documentation—witnesses, have their duty station solely changed due to the physical injury, yet honorably medically discharged with no treatment or realistic care, then just calling it post-traumatic stress?

A death sentence is what I was given, prior to being kicked to the curb (honorably discharged severely injured) at Pier 36 with a bottle containing (200) Naproxen 500mg tablets Rx#45744 for the refill I'd requested, a few days prior to Christmas. Four days. Four days before Christmas, with no treatment help or plan.

CONCLUSION:

I have learned what digging myself out of an early grave looks like, that has taken beyond 22 years that includes a life of incalculable carnage. It isn't pretty.

The following new court cases and the included exhibits sum up what happens when people don't do their job, the higher-ranking members who abuse their power and authority. I was honorably discharged while still severely injured.

All the things necessary to function in life, was stolen. My health, my family, my special and dear friends, a marriage, pets, etcetera, etcetera, etcetera. I was not able to get back to most people since before I joined the Military in 1991; my other special friends who I had work relationships with, too.

I lost many important cherished and valued relationships, some have died, some ruined due to no procedural care and from being saturated in VA's drug cocktails. Then with 2001 being a push over and beyond the edge. My health, and all those necessary and important things in LIFE, those things that make the world go around; relationships, laughter, adventure, fun, travel... were all taken, destroyed, including robbing of my reproductive rights as a woman of child bearing age.

An enormous amount of personal finances have been used up, to continue *waiting* for VA Puget Sound to decide to treat me. That's taken 22 years and 19 days to treat my neck injury with just one injection at VA Puget Sound Health Care Systems. I walked around with my right leg not completely attached for 8 years. Eight-years. Think about that.

USCG Law Violations

1. Maiming: Article 124 of the Uniform Code of Military Justice (UCMJ).
2. Robbing of my reproductive rights.
3. 18 U.S Code 113C § 2340A – Torture.
4. UCMJ Article 93: Cruelty and Maltreatment.
5. Eighth amendment: Cruel and Unusual Punishment.
6. UCMJ Article 134-42: Reckless Endangerment.
7. UCMJ Article 134-35: Obstructing justice.
8. UCMJ Article 133: Conduct unbecoming an officer and gentleman.
9. UCMJ Article 107: False statements.
10. UCMJ Article 97: Unlawful detention.
11. UCMJ Article 94: Mutiny and Sedition.
12. UCMJ Article 81: Conspiracy.
13. UCMJ Article 92: Failure to obey order or regulation.
14. Etc.

Re: Carolyn Sioux Green #G5971, United States Coast Guard.

Dear Secretary Esper,

Thank you for your time, and patience as I do my best to express myself as I continue to heal from a brain injury. Honorably discharged four-days before Christmas while literally physically injured—splitting at the seams at my right-sided hind-end Si-Joint, with a damaged right shoulder and neck, too.

- An apology to my mother, [REDACTED] Green, a Sioux Indian, who hasn't spoken to me since 2003, due to ["*it was her mouth again*"], of which was mainly from negligent care, left walking around with my right leg not completely attached for over eight years, while being saturated with excessive mis-managed inappropriate polypharmacy (drugs), instead of the needed procedural care for my catastrophic *physical injury*. The sole reason for a temporary land duty station from the USCGC Mellon (WHEC 717), on September 20, 1994. The USCG Support Center, then left me walking on my right leg not completely attached, that did not receive care until after over eight-years later.
- Additionally, I am requesting an apology to my old-family, [REDACTED], for him believing I dishonored their [REDACTED] treasured name (caused by the neglected care for my *physical injury*, of which caused me to be unlawfully and criminally tossed in an asylum like a piece of trash—not seen as human, for a *physical injury*, as well as Providence etc. to then be drugged to death July 2 at Western, for a *physical injury*, with the continued neglect of my well documented *physical injury* throughout the VA Puget Sound, and by them [VA] in 2001). In the process of caring for my neglected *physical injury* while Active duty has cost me everything.

- The dismantling of my family and life, maiming my body to include robbing me of my reproductive rights, was due to not treating my *physical injury*. Opened, then closed Carolyn's Cookies started in 2001, to overcome my health challenges from active duty and the 2001 horrific atrocities. In 2014, I started CandidCarolyn® Photography in Washington State to then close it for the same reasons. In 2019, I let go of my real estate license of 20 years, with little use, to *overcome* health challenges. A Physical Injury ≠ psychiatry. Walked out of my entire life in 2002, to live, been on my own since. Injured at 32 years-old, now starting over again in 2020, at 58 years-old.

My Restoration of Rights in Washington State were fully restored, in 2019, from the unlawful taking in 2001, then left with the task to have the other forty-nine states restored, as well as starting my life over.

I have viable Solutions, if you're interested, to prevent this from ever happening to another American citizen, especially veterans and Active duty personnel. The *Initial Computer Gate* (See Solutions folder) is the most effective change to help prevent suicide—and death among veterans and Active duty, reduce violence, as well as provide continuity of care. God bless the United States of America, the greatest nation on earth. I love my home country, free.

Respectfully and sincerely,

Carolyn®

53. 28 JUN 00: Dr. Charlie Paxon – *See Exhibit 8*
2001–Where it Ended & Started (#27 from box of 2018–Checkmate)

Welcome to the Avalanche:

VA Puget Sound Health Care System cancelled my needed Rheumatology appointment May 21, 2000, to care for my 02/21/1994 physical injury. Even though my physical injury is well documented, while saturating me in an inappropriate drugs regimen, instead of procedural care for my physical injury.

31 MAY 2001: Taken to Providence St. Peter Hospital by the Olympia Police for driving erratic and fumbling over my words, where my physical injury of 02/21/1994 continued to be neglected, dismissed even.

On June 1, 2001, all of my inalienable, constitutional and state rights were removed from me, through the Superior Courts, unlawfully.

01 JUN 01: Providence St. Peter Hospital unlawful imprisoned me through the Thurston County Superior Court with a one-minute Ex Parte, for driving erratic on private property. The Deputy Prosecuting Attorney made an unlawful agreement with the court appointed counsel (on the cassette tape, as well as documented in court records), leaving me without legal counsel, with my right leg still not completely attached. I was treated for a fabricated mental disorder, instead of my physical injury that remained untreated, dismissed, with no physical examination at any time.

01 JUL 01: Fire Medic Mason County took me to Mason General Hospital where my ex-husband knew and volunteered with these people, so they took his word, based on he worked with them. He left out the fact that he would *yank* on my right leg to pull it out of my hip socket due to it riding too high that caused debilitating unmanageable pain. No one at Mason General nor Fire Medic knew me. Both organizations only took into account what he said, while I was once again restrained to a table wishing I could die. (The leg yanking is noted in Dr. Paxon's progress notes)

02 JUL 01: Fire Medic Mason County took me to Western asylum due to the unlawful imprisonment through the Superior Court in Thurston County, with a one-minute Ex Parte, for driving.

02 JUL 01: The SAME PERSON, the Court Clerk, initialed for the Deputy Court Clerk, Court Clerk, and Filing Clerk, and with only one signature on the Petition, which then unlawfully landed me in an asylum for seventy-two hours for the neglected Active duty honorable service-related Physical Injury, still not treated in 2001, even though my physical injury is recorded over and over again in the records within the USCG, and VA Puget Sound.

05 JUL 01: Transferred to VA Puget Sound, again, where the continued unlawful imprisonment continued, as well as unlawful forced drugging, against my will. I had to ask for a walking cane!! By the time I got back to Dr. Charlie Paxon in 2002, I had been tortured in four-point restraints, for hours, that started at Providence on 31 May 2001, that left me contending with unknown injuries due to the being saturated in drugs, with a newly acquired brain-injury, instead caring and treating me for my physical injury.

12 JUN 01: Transferred to VA Puget Sound under another unlawful imprisonment, then left physically injured with no care.

VA Puget Sound attending was requesting, per the medical record, a 90-day commitment within the first six-hours and five-minutes (6 hrs 5 min), thus bypassing any neutral party or the legal requirement of seventy-two hours.

27 JUL 01: VA Puget Sound finally discharged me after their unlawful imprisonment sentence, except now with a severe drug-induced brain injury, plus no care for the severe physical injury, except for the walking cane I asked for, and with additional physical injuries from Providence. I was discharged without one physical examination, not one time throughout these atrocities that included maiming my bowel function movement, to include robbing me of my reproductive right as a woman at child bearing age, all of which tore apart my beautiful family and life.

In April 2002, I literally, without notice, walked out of my entire life to have my initial physical injury treated and cared for by Dr. Charlie Paxon, so I could live.

54. 10 APR 2002: Dr. Charles S. Paxon Progress Note; VA Puget Sound Health Care System began sacroiliac prolotherapy treatments for iliac upslip. (with neither of us knowing how damaged my left-side-hind-end had become from 2001, from being tortured in four-point restraints, for hours. (#29 from box of 2018–Checkmate)

55. 13 AUG 2003: VA Puget Sound Health Care System Progress Note
Robbie L. Robertson (counselor –a non-drug person) noted about 2001.

56. (25 FEB 2005): USCG response to [Carolyn] filing for Hazardous Service (DD Form 2860), in regards to Chetco River. “I was ordered and supervised above deck to paint with “Lead Death” paint in a void of a vessel w/o a respirator. I was ordered to hold my breath and when I needed air to come up for it. The void was also wiped down with Toluene prior to painting.” This –the void, along with the Marks appeal received prior to the *slip* on the log office ladder, undeniably connects Chetco River to the ladder injury while stationed onboard USCGC Mellon 21 FEB 94. (Also see #6 Northwest Pain Specialist comments)

The formal complaints filed through the formal process, then ignored by the State of Washington, shows most of what transpired, illegally. The Medical Commission had the hubris to open the registered box and then return with no note, no explanation. Should one ask why it took so long to file formal complaints to address the matter here; it is very difficult to put one's life back together with brain damage, while at the same time being inappropriately saturated in drugs and still contending with an untreated physical injury—left-sided hind end from 2001. And that has taken me beyond five-and-a-half years to unravel the truth to express what happened to my life. In addition, it has taken me into January to become more physically and structurally whole, from 1994, and then with 2001 which was a push over the edge. I have since been living alone since April 2002, due to the reckless care for my injuries.

New Cases:

Case No. 20-2-07851-0 Pierce County Superior Court 2020.

Case No. 20-2-07852-8 Pierce County Superior Court 2020.

Case No. 20-2-02551-34 Thurston County Superior Court 2020.

Legally, I have *Standing* in Washington State:

*Case No. 01-6-97-9 Thurston County Superior Court 2001.

*Case No. 01-6-00742-4 Pierce County Superior Court 2001.

*Case No. DOT 95-0374 King County District Court 1995.

*Case No. 95-36172 King County District Court 1995.

Just getting started again. It indeed has been a very long hard journey. But God!! He is ever faithful and just to forgive us of all of our sin and cleanse us from all unrighteousness. I forgive the United States Coast Guard, and the United States Department of Veteran's Administrations for gutting my entire life, recklessly. I forgive you.

Time for change.

Self-discontinuance and last dose taken June 9, 2017 and reported to three separate doctors; Two doctors at VA Puget Sound Health Care System –American Lake (663 & 663A4), plus one Non-VA care doctor. Here's a good one; I hadn't seen a Primary Care Provider in SEVEN (7) months.

Prescribing Morphine AFTER self-discontinuance is a crime, and against the rule of law. All scripts oral solⁿ 10mg/ take 5mL as needed

Prescribing this drug, an Opioid, a controlled substance classified under Schedule II is clearly against Title 21 Code of Federal Regulation under §1306.12 (a): "Refilling prescriptions: issuance of multiple prescriptions. The refilling of a prescription for a controlled substance listed in Schedule II is prohibited." And, (i) states, "Each separate prescription is issued for a legitimate medical purpose by an individual practitioner acting in the usual course of professional practice."

FOUR counts against Title 21 §1306.12: The U.S. Department of Veterans Affairs via VA Puget Sound Health Care Systems. #G5971 on Chronic Opioid therapy for 13 years.

I am appalled by this unionized lackadaisical culture of remotely prescribing pharmaceuticals, controlled or otherwise, that is killing, disfiguring, dismantling, crippling, and maiming veterans, daily. I was nearly one-of the dead. By the grace and mercy of God I'm still here!!

No human protection mechanism and enormous regulatory gaps. Copy and past refills is not medication remediation nor is just verifying the patient is still taking the drugs.

With Narc records + drugs as proof.

Celebrex (Celecoxib)

Celebrex (celecoxib) is a nonsteroidal anti-inflammatory drug (NSAID). Celecoxib works by reducing hormones that cause inflammation and pain in the body. Used to treat pain or inflammation caused by many conditions such as arthritis, ankylosing spondylitis (caused), and menstrual pain. (Doses is based on 200 mg unless otherwise stated) for arthritic pain

BLACK BOX WARNING issues April 7, 2005, with a stern warning about serious adverse cardiovascular risks. VA not once mentioned this warning. ONLY 2 years after I was prescribed the drug. I was LEFT on this drug for another EIGHT (8) years after my provider retired, and after the Black Box Warning with no warning or precautions even though I'd asked for help coming off the drug. NO help was provided. At all.

The enormous problem here is I took this drug EVERYDAY at mostly the MAX doses (400mg/day) 200 mg in the AM and 200 mg in the PM. I wasn't allowed to take any other NSAIDs at all due to the prescribed and ingesting the MAX dosage, and yet the VA pharma record does not accurately reflect the prescriptions (drugs) prescribed and distributed by VA Puget Sound Health Care Systems—American Lake, Seattle too. This same problem exists with the Gabapentin file, for me. Lidoderm patches, eye drops, and so on.

2003 started at American Lake VA.

Methocarbamol / Robaxin

Methocarbamol is a muscle relaxant. It works by blocking nerve impulses (or pain sensations) that are sent to your brain. Methocarbamol is used together with rest and physical therapy to treat skeletal muscle conditions such as pain or injury. It may also be used for purposes not listed in this medication guide.

ORDER SETTING CIVIL CASE SCHEDULE

vs

ASSIGNED JUDGE: KEENAN, Dept. 26

UNITED STATES COAST GUARD, ET
AL

Defendant(s)

FILED DATE: 10/12/2020

TRIAL DATE: 10/11/2021

A civil case has been filed in the King County Superior Court and will be managed by the Case Schedule on Page 3 as ordered by the King County Superior Court Presiding Judge.

I. NOTICES

NOTICE TO PLAINTIFF: The Plaintiff may serve a copy of this **Order Setting Case Schedule (Schedule)** on the Defendant(s) along with the **Summons and Complaint/Petition**. Otherwise, the Plaintiff shall serve the **Schedule** on the Defendant(s) within 10 days after the later of: (1) the filing of the **Summons and Complaint/Petition** or (2) service of the Defendant's first response to the **Complaint/Petition**, whether that response is a **Notice of Appearance**, a response, or a Civil Rule 12 (CR 12) motion. The **Schedule** may be served by regular mail, with proof of mailing to be filed promptly in the form required by Civil Rule 5 (CR 5).

NOTICE TO ALL PARTIES:

All attorneys and parties should make themselves familiar with the King County Local Rules [KCLCR] – especially those referred to in this **Schedule**. In order to comply with the **Schedule**, it will be necessary for attorneys and parties to pursue their cases vigorously from the day the case is filed. For example, discovery must be undertaken promptly in order to comply with the deadlines for joining additional parties, claims, and defenses, for disclosing possible witnesses [See KCLCR 26], and for meeting the discovery cutoff date [See KCLCR 37(g)].

You are required to give a copy of these documents to all parties in this case.

I. NOTICES (continued)

CROSSCLAIMS, COUNTERCLAIMS AND THIRD PARTY COMPLAINTS:

A filing fee of \$240 must be paid when any answer that includes additional claims is filed in an existing case.

KCLCR 4.2(a)(2)

A Confirmation of Joinder, Claims and Defenses or a Statement of Arbitrability must be filed by the deadline in the schedule. The court will review the confirmation of joinder document to determine if a hearing is required. If a Show Cause order is issued, all parties cited in the order must appear before their Chief Civil Judge.

PENDING DUE DATES CANCELED BY FILING PAPERS THAT RESOLVE THE CASE:

When a final decree, judgment, or order of dismissal of all parties and claims is filed with the Superior Court Clerk's Office, and a courtesy copy delivered to the assigned judge, all pending due dates in this *Schedule* are automatically canceled, including the scheduled Trial Date. It is the responsibility of the parties to 1) file such dispositive documents within 45 days of the resolution of the case, and 2) strike any pending motions by notifying the bailiff to the assigned judge.

Parties may also authorize the Superior Court to strike all pending due dates and the Trial Date by filing a *Notice of Settlement* pursuant to KCLCR 41, and forwarding a courtesy copy to the assigned judge. If a final decree, judgment or order of dismissal of all parties and claims is not filed by 45 days after a *Notice of Settlement*, the case may be dismissed with notice.

If you miss your scheduled Trial Date, the Superior Court Clerk is authorized by KCLCR 41(b)(2)(A) to present an *Order of Dismissal*, without notice, for failure to appear at the scheduled Trial Date.

NOTICES OF APPEARANCE OR WITHDRAWAL AND ADDRESS CHANGES:

All parties to this action must keep the court informed of their addresses. When a Notice of Appearance/Withdrawal or Notice of Change of Address is filed with the Superior Court Clerk's Office, parties must provide the assigned judge with a courtesy copy.

ARBITRATION FILING AND TRIAL DE NOVO POST ARBITRATION FEE:

A Statement of Arbitrability must be filed by the deadline on the schedule if the case is subject to **mandatory arbitration** and service of the original complaint and all answers to claims, counterclaims and cross-claims have been filed. If mandatory arbitration is required after the deadline, parties must obtain an order from the assigned judge transferring the case to arbitration. **Any party filing a Statement must pay a \$250 arbitration fee.** If a party seeks a trial de novo when an arbitration award is appealed, a fee of \$400 and the request for trial de novo must be filed with the Clerk's Office Cashiers.

NOTICE OF NON-COMPLIANCE FEES:

All parties will be assessed a fee authorized by King County Code 4A.630.020 whenever the Superior Court Clerk must send notice of non-compliance of schedule requirements and/or Local Civil Rule 41.

King County Local Rules are available for viewing at www.kingcounty.gov/courts/clerk.

PRESIDING JUDGE

IV. ORDER ON CIVIL PROCEEDINGS FOR ASSIGNMENT TO JUDGE

READ THIS ORDER BEFORE CONTACTING YOUR ASSIGNED JUDGE.

This case is assigned to the Superior Court Judge whose name appears in the caption of this case schedule. The assigned Superior Court Judge will preside over and manage this case for all pretrial matters.

COMPLEX LITIGATION: If you anticipate an unusually complex or lengthy trial, please notify the assigned court as soon as possible.

APPLICABLE RULES: Except as specifically modified below, all the provisions of King County Local Civil Rules 4 through 26 shall apply to the processing of civil cases before Superior Court Judges. The local civil rules can be found at www.kingcounty.gov/courts/clerk/rules/Civil.

CASE SCHEDULE AND REQUIREMENTS: Deadlines are set by the case schedule, issued pursuant to Local Civil Rule 4.

THE PARTIES ARE RESPONSIBLE FOR KNOWING AND COMPLYING WITH ALL DEADLINES IMPOSED BY THE COURT'S LOCAL CIVIL RULES.

A. Joint Confirmation regarding Trial Readiness Report

No later than twenty one (21) days before the trial date, parties shall complete and file (with a copy to the assigned judge) a joint confirmation report setting forth whether a jury demand has been filed, the expected duration of the trial, whether a settlement conference has been held, and special problems and needs (e.g., interpreters, equipment).

The Joint Confirmation Regarding Trial Readiness form is available at www.kingcounty.gov/courts/scforms. If parties wish to request a CR 16 conference, they must contact the assigned court. Plaintiff's/petitioner's counsel is responsible for contacting the other parties regarding the report.

B. Settlement/Mediation/ADR

a. Forty five (45) days before the trial date, counsel for plaintiff/petitioner shall submit a written settlement demand. Ten (10) days after receiving plaintiff's/petitioner's written demand, counsel for defendant/respondent shall respond (with a counter offer, if appropriate).

b. Twenty eight (28) days before the trial date, a Settlement/Mediation/ADR conference shall have been held. FAILURE TO COMPLY WITH THIS SETTLEMENT CONFERENCE REQUIREMENT MAY RESULT IN SANCTIONS.

C. Trial

Trial is scheduled for 9:00 a.m. on the date on the case schedule or as soon thereafter as convened by the court. The Friday before trial, the parties should access the court's civil standby calendar on the King County Superior Court website www.kingcounty.gov/courts/superiorcourt to confirm the trial judge assignment.

MOTIONS PROCEDURES

A. Noting of Motions

Dispositive Motions: All summary judgment or other dispositive motions will be heard with oral argument before the assigned judge. The moving party must arrange with the hearing judge a date and time for the hearing, consistent with the court rules. Local Civil Rule 7 and Local Civil Rule 56 govern procedures for summary judgment or other motions that dispose of the case in whole or in part. The local civil rules can be found at www.kingcounty.gov/courts/clerk/rules/Civil.

Non-dispositive Motions: These motions, which include discovery motions, will be ruled on by the assigned judge without oral argument, unless otherwise ordered. All such motions must be noted for a date by which the ruling is requested; this date must likewise conform to the applicable notice requirements. Rather than noting a time of day, the Note for Motion should state "Without Oral Argument." Local Civil Rule

7 governs these motions, which include discovery motions. The local civil rules can be found at www.kingcounty.gov/courts/clerk/rules/Civil.

Motions in Family Law Cases not involving children: Discovery motions to compel, motions in limine, motions relating to trial dates and motions to vacate judgments/dismissals shall be brought before the assigned judge. All other motions should be noted and heard on the Family Law Motions calendar. Local Civil Rule 7 and King County Family Law Local Rules govern these procedures. The local rules can be found at www.kingcounty.gov/courts/clerk/rules.

Emergency Motions: Under the court's local civil rules, emergency motions will usually be allowed only upon entry of an Order Shortening Time. However, some emergency motions may be brought in the Ex Parte and Probate Department as expressly authorized by local rule. In addition, discovery disputes may be addressed by telephone call and without written motion, if the judge approves in advance.

B. Original Documents/Working Copies/ Filing of Documents: All original documents must be filed with the Clerk's Office. Please see information on the Clerk's Office website at www.kingcounty.gov/courts/clerk regarding the requirement outlined in LGR 30 that attorneys must e-file documents in King County Superior Court. The exceptions to the e-filing requirement are also available on the Clerk's Office website. The local rules can be found at www.kingcounty.gov/courts/clerk/rules.

The working copies of all documents in support or opposition must be marked on the upper right corner of the first page with the date of consideration or hearing and the name of the assigned judge. The assigned judge's working copies must be delivered to his/her courtroom or the Judges' mailroom. Working copies of motions to be heard on the Family Law Motions Calendar should be filed with the Family Law Motions Coordinator. Working copies can be submitted through the Clerk's office E-Filing application at www.kingcounty.gov/courts/clerk/documents/eWC.

Service of documents: Pursuant to Local General Rule 30(b)(4)(B), e-filed documents shall be electronically served through the e-Service feature within the Clerk's eFiling application. Pre-registration to accept e-service is required. E-Service generates a record of service document that can be e-filed. Please see the Clerk's office website at www.kingcounty.gov/courts/clerk/documents/efiling regarding E-Service.

Original Proposed Order: Each of the parties must include an original proposed order granting requested relief with the working copy materials submitted on any motion. **Do not file the original of the proposed order with the Clerk of the Court.** Should any party desire a copy of the order as signed and filed by the judge, a pre-addressed, stamped envelope shall accompany the proposed order. The court may distribute orders electronically. Review the judge's website for information: www.kingcounty.gov/courts/SuperiorCourt/judges.

Presentation of Orders for Signature: All orders must be presented to the assigned judge or to the Ex Parte and Probate Department, in accordance with Local Civil Rules 40 and 40.1. Such orders, if presented to the Ex Parte and Probate Department, shall be submitted through the E-Filing/Ex Parte via the Clerk application by the attorney(s) of record. E-filing is not required for self-represented parties (non-attorneys). If the assigned judge is absent, contact the assigned court for further instructions. If another judge enters an order on the case, counsel is responsible for providing the assigned judge with a copy.

Proposed orders finalizing settlement and/or dismissal by agreement of all parties shall be presented to the Ex Parte and Probate Department. Such orders shall be submitted through the E-Filing/Ex Parte via the Clerk application by the attorney(s) of record. E-filing is not required for self-represented parties (non-attorneys). Formal proof in Family Law cases must be scheduled before the assigned judge by contacting the bailiff, or formal proof may be entered in the Ex Parte Department. **If final order and/or formal proof are entered in the Ex Parte and Probate Department, counsel is responsible for providing the assigned judge with a copy.**

C. Form

Pursuant to Local Civil Rule 7(b)(5)(B), the initial motion and opposing memorandum shall not exceed 4,200 words and reply memoranda shall not exceed 1,750 words without authorization of the court. The word count

includes all portions of the document, including headings and footnotes, except 1) the caption; 2) table of contents and/or authorities, if any; and 3) the signature block. Over-length memoranda/briefs and motions supported by such memoranda/briefs may be stricken.

IT IS SO ORDERED. FAILURE TO COMPLY WITH THE PROVISIONS OF THIS ORDER MAY RESULT IN DISMISSAL OR OTHER SANCTIONS. PLAINTIFF/PETITIONER SHALL FORWARD A COPY OF THIS ORDER AS SOON AS PRACTICABLE TO ANY PARTY WHO HAS NOT RECEIVED THIS ORDER.
